Xcite Steps Nancy Weising, BS
Managing Director
Based in California, Xcite Steps provides Applied Behavioral Analysis (ABA) to children, adolescents, and adults with autism spectrum disorder (ASD) and intellectual and developmental disabilities. Invo Healthcare, a national provider of school and community behavioral health and other therapeutic services to individuals with special needs, including Autism Spectrum Disorder, acquired the company. This acquisition will build out Invo's west coast platform by adding Xcite Step's ABA services to their existing school and related therapy programs. The Braff Group facilitated the transaction.

The Braff Group is the leading mergers and acquisitions advisory firm specializing exclusively in health care services, including behavioral health, digital health, home health and hospice, pharmacy services, urgent care, health care staffing, home medical equipment and ancillary health care services. The firm provides an array of sell-side only transaction advisory services including representation, debt and equity recapitalization, strategic planning, and valuation.

Celebrating our 20-year anniversary, The Braff Group has completed more than 320 transactions. According to Thomson Reuters, The Braff Group has repeatedly been ranked among the top five health care mergers & acquisitions advisory firms.
