Premier Specialty Infusion Acquired by PromptCare

The PromptCare Companies, a leading regional provider of complex respiratory and specialty home infusion services, announced it has acquired Premier Specialty Infusion from the family of the CEO, Mr. Ashar Hasan. The acquisition will further expand PromptCare's footprint in the Midwestern United States. Terms of the transaction were not disclosed.

The Braff Group originated the transaction and served as the exclusive mergers and acquisitions advisor to Premier Specialty Infusion.

Founded in 2017, Premier is a Hoffman Estates, IL-based provider of specialty home infusion services with a primary focus on managing immunoglobulin therapy (IVIG) for patients with neuroimmunology conditions in select markets within the United States.

"Ashar has built an impressive team at Premier and we are delighted to welcome them into the PromptCare family," said PromptCare CEO Tom Voorhees. "Premier's patient-centric approach is well-aligned with our mission and its focus on specialty therapies is an excellent fit within our current portfolio of offerings."

"We set out to find a partner for Premier that shared our values and we are confident that we found a match in Tom and his team," Mr. Hasan said. "PromptCare, like Premier, is focused on providing the highest quality patient care."
